

SCHEDULE FOR ROAD SWEEPING 2011

ATHLONE TOWN COUNCIL

The schedule has been designed on a road hierarchy of three levels of importance in terms of sweeping priority as follows:

1. Those roads which are swept on a daily basis (7 days per week).
2. Those roads within the urban area which are slightly less important in the sweeping hierarchy but which nevertheless require sweeping on a weekly basis. Monday, Tuesday and Wednesday of every week have been set aside for the sweeping of these roads and each road within this list will be swept on one of these three days i.e. once per week.
3. The remainder of the road network will be suction swept on a monthly basis on a Thursday and Friday (Week A, B, C and D). These roads include housing estate roads, minor distributor roads and the following approach roads to the town for which Westmeath County Council has responsibility:
 - N55 and R915 from Cornamaddy School to the Crescent junction,
 - R446 Old Dublin Road from the Wash House Turn roundabout to the Castlemaine Street roundabout,
 - The Old Galway Road from the Town Council boundary at Monksland (adjacent to Orwell Grove) to St. Peters' roundabout,
 - The Roscommon Road from the Town Council boundary to the junction with the Old Galway Road.

The daily sweeping route will be carried out at the start of each day from 7 a.m. to 10 a.m. and the relevant additional route for that day will follow, starting at approximately mid-morning.

Week A will be followed by Week B which will be followed by Week C which will be followed by Week D and then Week A again and so on. The list of roads for each day as detailed in this document does not follow any particular order and these roads will be swept in a manner which maximises litter collection while also allowing the route to be completed in an efficient manner. No allowance has been made for a missed sweeping event which will happen as a result of Bank Holidays or emergency calls on the Suction Sweeper equipment. However, the daily sweeping routine outlined in 1. of the sweeping hierarchy above will be carried out irrespective of Bank Holidays.

A calendar type page is included in this schedule which references the relevant week type to a 'week commencing' date. The road names for each week day are subsequently detailed in typed format and with an accompanying map which outlines the route.

Finally, there are some streets in the town centre which are inaccessible to the Suction Sweeper eg. Lucas Court, Lucas Lane, Railway View, Court Devenish, Preaching Lane, The Gardens, Southlands, Grovelands, The Manse, The Villas, Abbey Lane, Connolly Street, Grattan Row, Cats Alley and these streets will be swept by the Athlone Town Council casual sweeping personnel on a weekly basis

SUCTION SWEEPING PROGRAMME 2011

ATHLONE TOWN COUNCIL

Week commencing	Route
03 January 2011	Week A
10 January 2011	Week B
17 January 2011	Week C
